

Changes in authorship

(c) Request for addition of extra author after publication

Ask why author was omitted from original list – ideally, refer to journal guidelines or authorship declaration which should state that all authors meet appropriate criteria and that no deserving authors have been omitted

To prevent future problems:
 (1) Before publication, get authors to sign statement that all listed authors meet authorship criteria and that no others meeting the criteria have been omitted
 (2) Publish details of each person's contribution to the research and publication
